T.C. went to the Salvation Army needing assistance with formula for her baby. Her niece and baby live with her and they were completely out of formula with no money to buy it as both are currently unemployed. The Salvation Army purchased enough bottles of formula to help her feed her baby until she got through the application process for WIC. She said it helped her a great deal. She is now receiving assistance with WIC.

Kelly D. needed assistance with her prescriptions. She had just moved to San Marcos, was between doctors, lost her insurance, and had no one else to turn to for help. The Salvation Army paid for her prescriptions and helped her find resources for continued health care. She has insurance now and is able to fill her necessary prescriptions.

Donating to United Way helps Salvation Army fill in the gaps for hundreds of Hays and Caldwell County residents so that they can get back on their feet.
